

Turn Green...

Turn Key™

Comprehensive Night Vision Solution

Night Flight Concepts Announces *Turn Green...Turn Key™*, a comprehensive all-inclusive solution for Night Vision Goggle operators

Night Flight Concepts, a comprehensive night vision solution company, is announcing all-inclusive packages for operators of night vision devices. This program is being offered to new and existing customers to provide a single vendor solution for:

- NVG pilot, crewmember, and maintenance training
- NVG goggle maintenance and repair (NVG Part 145 Cert#N5ZR113B)
- NVG cockpit modification and lighting
- Flight helmet and related equipment
- NVG program implementation consultation
- Computer Based Training (CBT)
- Factory equivalent aircraft training (Bell 206/407)
- Helicopter pilot training (Part 141 Cert#IGIS737K, training provided by **PALM BEACH**)
 - PVT – ATP, CFI(I), FAA examiner on staff

Through strategic partnerships, Night Flight Concepts is able to provide *Turn Green...Turn Key™*. It is our intention to provide sole-source solutions to industry to ease the growing complexity and financial strain associated with NVG airborne operations. Our personnel have a diverse background with years of experience to aid your organization through the many challenges of implementing and/or maintaining a quality NVG flight operation.

As the only FAA Approved NVG Inspection/Repair Process Specification, it is essential that our customers understand what sets our company above the rest. We are the **ONLY** Limited Accessory and Specialized Service Part 145 NVG Repair Station (Cert#N5ZR113B). Through our repair station, we are capable of providing FAA approval of the Night Vision Goggle's utilized within the commercial/paramilitary industry today. **Our FAA approval includes the FAA TSO-164 compliant NIVISYS-NVAG-6 NVG, as well as other non-TSO'd NVG's to include: ITT – F4949 & F4210 series, Litton of Northrop Grumman – M949 series & M929 series, US Army – AN/AVS-6 series, and US Air Force / Navy – AN/AVS-9 series.**

Whether implementing, training, or maintaining an NVG flight program, let *Turn Green...Turn Key™* work for you!
